

23rd October 2025

Dear Parent/Carer,

‘Plant A Daffodil’ – Whole School Fundraising & Community Event

I hope this letter finds you well and that you and your family are looking forward to a restful October half term.

As we return after the break, we will be marking the new half term with a whole-school fundraising and community event. Every student will be invited to plant a daffodil bulb somewhere on the school site. In previous years, we’ve planted trees as part of our environmental initiatives, but as space becomes limited, we are turning our focus to adding colour and vibrancy to our grounds through flowers.

This year’s event carries a special significance. The daffodil is the national symbol of Marie Curie, the charity we are supporting — chosen because it represents hope, renewal, and resilience. These themes are deeply connected to the charity’s mission of providing care and compassion to people living with a terminal illness and supporting their families through incredibly difficult times.

For us as a school, the act of planting a bulb reflects our core values of Respect and Kindness. We hope that when the daffodils bloom in spring, they will serve not only as a beautiful addition to our environment, but also as a living symbol of the community spirit we foster every day.

If you are able, we kindly invite families to make an optional £1 donation to support the work of Marie Curie. Donations can be made via the Arbor Parent Portal under the ‘School Shop’ section.

We look forward to seeing our school grounds bloom with bright daffodils in the months ahead — a shared gesture of remembrance, care, and unity.

Thank you, as always, for your continued support.

Yours faithfully,

Mrs Lovel
Assistant Headteacher
